

Giddens School Summer Blast Camp

June 24 - August 16

Week 1: June 24-28

Out of This World!

Ages	Camp	Description	Price - Half day/full day
PS and Pre-K	Out of This World!	Prepare for an extraordinary journey beyond the stars at our "Out of This World" camp! This week promises an immersive space adventure where students will dive deep into the cosmos. Students will be engaged in hands-on activities, create beautiful cosmos and space-themed artwork, learn about the amazing history of space exploration, and maybe even create their own rocket launcher! If your child has a passion for science, a flair for art, and a curiosity about our solar system, this is the perfect celestial playground for them.	\$285/\$400 Half Day Registration Link Full Day Registration Link
K/1	Sneaky Cats and Bunnies with Sneaky Cat Acting Academy	Sneaky Cats & Bunnies, using problem solving puzzles, will learn focus, listening and attention through the safety of games and stories. We will also create our own stories (using Fairy Tales) and find challenges to work thru together as a team. These skills will develop individual and social needs, the perfect introduction into kindergarten!	\$285/\$480 Half Day Registration Link Full Day Registration Link
K/1	Cut and Collage with Yossi	During collage week we'll draw inspiration from the broad arena of collaging and collage artists around the world and through history. Students will make their own collages from images, paper scraps, found objects, and natural materials. This is a topic that allows students to think outside the box and use their unlimited imagination to create unique works of art of their own!	\$285/\$480 Half Day Registration Link Full Day Registration Link
2/3	Scratch - Intro to Game Development with Coding with Kids	Create your own games and embark on a coding adventure! This course introduces students to coding using Scratch, a fun drag-and-drop coding environment. They will learn coding fundamentals like Variables, Loops, and Conditionals while unleashing their creativity by designing characters, creating scenes, and adding sounds. Students will apply these concepts to build exciting games, stories, and animation projects, including Pet and Ball, Shark and Fish, and Snowman Maze. Let's code the fun way together!	\$335/\$515 Half Day Registration Link Full Day Registration Link
2/3	Travel to Latin America with Karina	Get ready for a thrilling journey as your students are transported to the vibrant and diverse countries of Latin America. Campers will experience a fantastic tour of several different Latin American countries like Guatemala, Peru, Mexico, etc. Throughout the week, they will create beautiful traditional Latin American inspired art projects, play thematic and cultural games, as well as learn new facts and geography about the region.	\$285/\$480 Half Day Registration Link Full Day Registration Link
4/5	Scratch - Intro to Game Development with Coding with Kids	Create your own games and embark on a coding adventure! This course introduces students to coding using Scratch, a fun drag-and-drop coding environment. They will learn coding fundamentals like Variables, Loops, and Conditionals while unleashing their creativity by designing characters, creating scenes, and adding sounds. Students will apply these concepts to build exciting games, stories, and animation projects, including Pet and Ball, Shark and Fish, and Snowman Maze. Let's code the fun way together!	\$335/\$515 Half Day Registration Link Full Day Registration Link

Week 2: July 1-3 (3 day week)

Rainforest Rumble!

Ages	Camp	Description	Price - Half day/full day
PS and Pre-K	Rainforest Rumble	Embark on a thrilling expedition into the heart of the rainforest during our Rainforest Rumble week! Throughout the week, students will discover the wonders of this lush ecosystem, learn about conservation, identify various animals and plants that make the rainforest their home, and craft beautiful themed artwork. This camp is the ultimate destination for those who have a love for exotic animals and the lush rainforest environment!	<p style="text-align: center;">\$175/\$275</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Chalk Pastels with Yossi	For this week we'll be working with chalk pastels. Students will try out techniques like smearing and creating silhouettes, and making both abstract and experimental art. We'll also experiment with mixed media, mixing and matching other supplies to let the creativity flow!	<p style="text-align: center;">\$175/\$290</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Being a Scientist with Sarah B.	Attention, aspiring scientists! Get ready for a thrilling week packed with mind-blowing experiments, electrifying discoveries, and endless science mess! This week long adventure is dedicated to the wonders of science and igniting the curiosity of young scientists everywhere!	<p style="text-align: center;">\$175/\$290</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Lego Engineering with Seattle Young Engineers	Young Engineers STEM Camps program is for anyone who loves to experience, to experiment, but especially to enjoy Lego construction, an experiential and challenging learning, with games and scientific experiments that visualize natural phenomena and the forces acting around them. Each day, the children will participate in a variety of diverse and enriching activities classified in different subjects. Likewise, the children will enjoy an educational experience, build an electric motor Lego model by their own, a central activity including experiential experiments and creative work.	<p style="text-align: center;">\$200/\$310</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Travel to Latin America with Karina	Get ready for a thrilling journey as your students are transported to the vibrant and diverse countries of Latin America. Campers will experience a fantastic tour of several different Latin American countries like Guatemala, Peru, Mexico, etc. Throughout the week, they will create beautiful traditional Latin American inspired art projects, play thematic and cultural games, as well as learn new facts and geography about the region.	<p style="text-align: center;">\$175/\$290</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
4/5	Theater Boot Camp with Sneaky Cat Acting Academy	For the beginner or seasoned pro, Sneaky Cat Professor Michael will show Sneaky Cat students the "ins" and "outs" of basic theatre skills. Through a series of theatre and improvisation games, participants will be exposed to story building exercises, character development, and objectives. These techniques are the basic building blocks for performing. A showcase will be presented at the end, whether it is a scene, a song or a theatre game, kids will learn how to perform in no time!	<p style="text-align: center;">\$175/\$290</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>

Week 3: July 8-12

Medieval, Myths, and Magic!

Ages	Camp	Description	Price - Half day/full day
PS and Pre-K	Medieval, Myths, and Magic!	Step into a world of knights, dragons, and mystical wonders here at our Medieval, Myths, and Magic! camp week. This week-long adventure invites students to explore the magic of medieval times through a variety of activities. From crafting medieval castles and mythical creatures to learning about magic and folklore tales, this camp promises a journey back in time filled with enchantment!	<p style="text-align: center;">\$285/\$400</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Happy Feet Soccer	HappyFeet uses fun games to teach new soccer skills and help kids develop gross-motor skills, self-confidence and leadership through the game of soccer!	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Pocket Brick Monsters with Bricks 4 Kidz	Calling all LEGO® Builders and Pokémon trainers, get ready for an adventure! Join Bricks 4 Kidz to construct motorized models such as Aerodactyl, Tyranitar and Ponyta, and assemble mosaics of Pikachu, Bulbasaur Charmander and more of your favorite characters. Gotta build 'em all!	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Story Drama with Sneaky Cat Acting Academy	Step into the story with the guidance of Sneaky Cat Professor Michael. Using theatre games and improvisation, the Sneaky Cat student will learn how to create wonderful stories using nothing but their imagination. We will make planned story stops along the way, first we will go on an imaginary safari to save the White Lion, she has a thorn in her paw! 2nd stop will be the isle of Fairy Tales and visit the Snow White and the 7 Dwarves. 3rd stop, we will make our own story. More stops are planned and where they will learn there may be no limitation to their imagination.	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Geology Rocks! with Sarah B.	Rocks, minerals, crystals, oh my! We will explore and observe all sorts of rocks, conduct experiments, make geology inspired art and even sing some geology songs. This week, campers will have the chance to unravel geological secrets and don their geological and archeological hats to dig into the fascinating world beneath our feet.	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
4/5	Star Wars Extravaganza with Jen	During this week campers will explore the fantastical world of Star Wars. Through books, legos, art and crafts, science projects, music, and even food, we will discover the ins and outs of all things Stars Wars related. There is endless room for creativity and exploration with some of our favorite characters. At the end of week campers will have many projects to take home and excitement to share about a galaxy far far away!	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>

Week 4: July 15–19

Artistic Odyssey!

Ages	Camp	Description	Price - Half day/full day
PS and Pre-K	Artistic Odyssey	Calling all budding artists! Join us in an Artistic Odyssey where creativity knows no bounds. Throughout this week, students will embark on a creative journey through various art forms, exploring different mediums, and learning about famous art pieces from around the world. They will leave the week with an incredible portfolio to be shared with everyone.	<p style="text-align: center;">\$285/\$400</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Fantastic Forest Yoga with Seattle Kids Yoga	Join Seattle Kids Yoga for a weeklong exploration of our fantastic forests and the animals and plants that call them home. Through yoga, mindfulness, games, art, and more, campers will learn interesting facts about different forests around the world, and how we can best enjoy and protect them. Pack your binoculars and sense of adventure, and let's go! SKY instructors design fun, inclusive, and educational classes based on children's interests and abilities, with the intention of giving them the tools, in a joyful and accessible way, to take yoga "off the mat" and into the world.	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Botany with Sarah B.	Love plants? This camp is for you! Students will delve into the captivating world of botany. From the tiniest seeds to towering trees, we'll explore the magic of plants while fostering a deep appreciation for nature. Students will engage in a variety of activities such as creating plant-themed artwork and even creating growing some of their very own plants! If you love gardening and plants, grab your gardening gloves and come join us!	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Chess Wizards	Join us this summer for tons of challenging chess lessons, exciting games, and cool prizes. You'll improve your chess skills, meet new friends, and work out your most powerful muscle – your brain! Our camps include fun team chess games (like Corner Chess), recess time (of course), snacks, tournaments, and puzzles. Each camper receives a T-shirt, trophy, and puzzle folder. We include all the materials necessary for your child to participate. Unleash your brain power and spend part of your vacation with Chess Wizards!	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Star Wars Extravaganza with Jen	During this week campers will explore the fantastical world of Star Wars. Through books, legos, art and crafts, science projects, music, and even food, we will discover the ins and outs of all things Stars Wars related. There is endless room for creativity and exploration with some of our favorite characters. At the end of week campers will have many projects to take home and excitement to share about a galaxy far far away!	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
4/5	Board Games with Colin	Do you love playing board and card games with family and friends? Enjoy Apples to Apples? Sushi Go? Ticket to Ride? Splendor? We'll try out new games, have fun playing some classics, and even create our own simple games on a theme of our choice. This camp will be about fun, strategy, and practicing good sportsmanship with our peers. Perhaps you will even discover a new favorite game that you'll be able to enjoy for years to come!	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>

Week 5: July 22-26

Super STEM!

Ages	Camp	Description	Price - Half day/full day
PS and Pre-K	Super Stem	Prepare for a thrilling week of racking your brain and having fun during our Super Stem week-long camp. Young minds will delve in the wonders of Science, Technology, Engineering, and Math through an array of hands-on activities and challenges. From building towers and bridges, to designing engineering solutions, and creating the newest and greatest innovations, get ready to spark your creativity and curiosity.	<p style="text-align: center;">\$285/\$400</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Ocean Adventure Yoga with Seattle Kids Yoga	Join Seattle Kids Yoga for a weeklong exploration of oceans around the world! Through yoga, mindfulness, games, art, and more, campers will swim with sea creatures, learn interesting ocean facts, and discover the fascinating underwater world from the waters of the Puget Sound to the Great Barrier Reef. Grab your lifejacket and snorkel, and let's go! SKY instructors design fun, inclusive, and educational classes based on children's interests and abilities, with the intention of giving them the tools, in a joyful and accessible way, to take yoga "off the mat" and into the world.	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Bead Art with Yossi	Bead week will be full of different projects and so much to take home! Every day will be a different beaded project, from keychains, to wind chimes. We'll create art, work on fine motor skills, and finish the week with lots to take home!	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Quantum Martial Arts	Quantum Kids Martial Arts is and fun and educational program where the young martial artists will practice flexibility, balance, and strength. No experience necessary. Experienced children will be given appropriate skills. We'll also play games and/or make a craft in line with the theme of the day. The daily themes are Ninja, Jedi Training, Kung Fu Animals Day, Flying Practice and Board Break Day. In addition, each day we will have an age-appropriate group discussion on the tenets of the martial arts: Courtesy, Integrity, Perseverance, Self-Control, and Indomitable Spirit. These tenets are the core of Quantum's training and provide the structure for the social and emotional learning that is important in all aspects of life.	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Pop Culture Arts and Crafts with Allani	This week, campers will familiarize themselves with American pop culture through the construction of various arts and crafts. Every morning will center on an iconic topic in American culture- think Basquiat, french fries or Disney- and every afternoon your student will produce a creation around said topic. At the end of the week, your child can look forward to creating 3-5 imaginative, original, and heartwarming pieces and learning TONS about the most popular things in our society!	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
4/5	Live Action Flix with Incrediflix	Discover your filmmaking talents! You don't have to be an actor to take part, as we'll guide you through the Hollywood process to create, direct, film, act, and more. You won't just make an incredible movie, you'll have the skills to make your own movies with friends. *Flix emailed within a month after camp ends.	<p style="text-align: center;">\$335/\$515 +\$35 production fee</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>

Week 6: July 29–Aug 2

Under the Sea!

Ages	Camp	Description	Price - Half day/full day
PS and Pre-K	Under the Sea	Get ready for a splashing good time at our Under the Sea themed week. Here, students will immerse themselves in the wonders of the deep blue sea. They will don their marine biologist hats and discover the incredible world beneath the waves. From animal exploration, marine ecosystem investigations, and ocean-themed art projects, students will be embarking on a journey filled with underwater exploration!	<p style="text-align: center;">\$285/\$400</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Mining and Crafting with Bricks 4 Kidz	Experience the world of Minecraft with LEGO® bricks! Join bricks 4 kidz along with Steve and friends to face new challenges each day. We'll create motorized models and craft key elements from the game like tools, armor, mobs and critters. Don't forget to build a shelter before nightfall - that's when the monsters come out!	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Happy Feet Soccer	HappyFeet uses fun games to teach new soccer skills and help kids develop gross-motor skills, self-confidence and leadership through the game of soccer!	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Junior Lego Robotics with Bricks 4 Kidz	Create awesome robots with intuitive LEGO® bricks! Students will learn about motorized construction techniques and build a foundation for our advanced courses. Kids will learn about how robots share similar features to people: Computers = Brains, Motors = Muscles, Sensors = Senses, Batteries = Hearts. We will work in teams to solve creative design challenges. Note - this is an engineering and building camp that does not have a focus on programming.	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Mixed Media Mayhem with Ms. Leah	Embark on a creative journey through the colorful world of mixed media art and collaging with our week-long camp for 2nd and 3rd grade students! From mastering the basics of collaging to experimenting with a variety of mediums like paints, papers, fabrics, and found objects, young artists will unleash their imaginations and express themselves in unique ways. Throughout the week, they'll delve into techniques that blend different materials and textures, igniting their passion for artistic exploration and identity. By the end of the camp, students will have discovered new artistic talents and gained confidence in their creative abilities, ready to continue their artistic journey beyond the camp's end!	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
4/5	Chess Wizards	Join us this summer for tons of challenging chess lessons, exciting games, and cool prizes. You'll improve your chess skills, meet new friends, and work out your most powerful muscle - your brain! Our camps include fun team chess games (like Corner Chess), recess time (of course), snacks, tournaments, and puzzles. Each camper receives a T-shirt, trophy, and puzzle folder. We include all the materials necessary for your child to participate. Unleash your brain power and spend part of your vacation with Chess Wizards!	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>

Week 7: Aug 5–9

Around the World

Ages	Camp	Description	Price - Half day/full day
PS and Pre-K	Around the World	Pack your bags and join Giddens for an extraordinary journey around the world! This week-long adventure invites students to embark on a thrilling adventure “Around the World”, where each day unfolds a new destination filled with exciting activities, cultural exploration, and games. Highlights include games and activities from around the world, themed art projects, and creation of your very own passports and airlines. So, grab your passport and hop on board!	<p style="text-align: center;">\$285/\$400</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Quantum Martial Arts	Quantum Kids Martial Arts is and fun and educational program where the young martial artists will practice flexibility, balance, and strength. No experience necessary. Experienced children will be given appropriate skills. We'll also play a game and/or make a craft in line with the theme of the day. The daily themes are Ninja, Jedi Training, Kung Fu Animals Day, Flying Practice and Demonstration Day. In addition, each day we will have an age-appropriate group discussions on the tenets of the martial arts: Courtesy, Integrity, Perseverance, Self-Control, and Indomitable Spirit. These tenets are the core of Quantum's training and provide the structure for the social and emotional learning that is important in all aspects of life.	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Happy Feet Soccer	HappyFeet uses fun games to teach new soccer skills and help kids develop gross-motor skills, self-confidence and leadership through the game of soccer!	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Introduction to Robotics with Coding with Kids	Learn to code with your very own robot! Students will learn the basics of programming a robot and learn how to use code along with hardware to open up so many more possibilities with technology. Through a block-based, visual programming platform, coders will learn introductory concepts, such as code structure, variables, and loops. They will apply these concepts, along with problem-solving and creative thinking, to program their robot to complete mission challenges, such as avoiding obstacles, light sensing and following a path.	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Mindful Ink: A Week of Bullet Journaling with Ms. Leah	Join us for a captivating week-long camp where 2nd and 3rd grade students will explore the world of bullet journaling! Through mastering layout techniques and incorporating colorful creations, they'll unlock creativity and organization skills. This journey isn't just about journaling—it's about nurturing social-emotional well-being. Campers will delve into the therapeutic practice of journaling, learning to organize thoughts, express emotions, and foster mindfulness. By the end of the week, they'll have not only beautifully crafted journals but also a newfound sense of inner peace and resilience, ready to navigate life's ups and downs with confidence and creativity.	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
4/5	Introduction to Robotics with Coding with Kids	Learn to code with your very own robot! Students will learn the basics of programming a robot and learn how to use code along with hardware to open up so many more possibilities with technology. Through a block-based, visual programming platform, coders will learn introductory concepts, such as code structure, variables, and loops. They will apply these concepts, along with problem-solving and creative thinking, to program their robot to complete mission challenges, such as avoiding obstacles, light sensing and following a path.	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>

Week 8: Aug 12-16

Backyard Nature Explorers

Ages	Camp	Description	Price - Half day/full day
PS and Pre-K	Backyard Nature Explorers	Attention young nature enthusiasts! Set off an exciting journey within the Giddens backyard and learn all about the natural world. From creepy crawlers, to gardening and plants, and even urban design, this week will be full of backyard exploration. Students will ignite their creativity with nature-inspired art projects, uncover the secrets of flora and fauna found in the gardens, and possibly even create their very own bird houses. Grab your gardening gloves and get ready to get your hands dirty!	<p style="text-align: center;">\$285/\$400</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Amusement Parks with Bricks 4 Kidz	Learn and play with your favorite amusement park rides! Students will use LEGO® Bricks to construct motorized models such as a Tilt a Whirl, Loop de Loop, and an upside-down Swing Boat! Lessons incorporate principles of physics, described in a way children can understand, such as “G-force” inertia and momentum. These engaging lessons will give students an understanding of the physical forces they experience every day.	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
K/1	Beginning Embroidery with Yossi	This week we'll be learning beginning embroidery techniques, starting with simple lacing, then working up to (kid-safe) needlework in fabric. Students will have all week to experiment and work on their final projects, a personal piece to take home!	<p style="text-align: center;">\$285/\$480</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Go for the Gold! Yoga with Seattle Kids Yoga	Join Seattle Kids Yoga for our non-competitive, teamwork-focused, and fun-filled version of the Summer Olympic Games. Through yoga, art, games, and more, campers will participate in a torch relay, work together to create an obstacle course, and hone their focus and determination with poses, movements, and mindfulness practices that represent swimming, skateboarding, archery, rowing, and other Summer Olympic sports. SKY instructors design fun, inclusive, and educational classes based on children's interests and abilities, with the intention of giving them the tools, in a joyful and accessible way, to take yoga “off the mat” and into the world.	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
2/3	Lego Science Camp with Seattle Young Engineers	During this week, children will learn the laws and concepts of the world of science, math and engineering, through a combination of learning and challenging construction experience combined with a few fun experiments. Students will be building about 4-5 technic LEGO models during this week learning different mechanical engineering principles.	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
4/5	Stop Motion Animation with BEAM Experiences	Bring your story to life by making stop motion animated movies! Working in teams, students build sets and characters using LEGO® bricks, then write, direct, and edit a unique story to share with the world! Students will begin by learning about cameras and special software required for stop-motion animation. Then, we'll learn the visual principles of animation as well as storytelling fundamentals. By the end of the session, kids will complete multiple animation exercises and a final film project using everything they've learned.	<p style="text-align: center;">\$335/\$515</p> <p style="text-align: center;">Half Day Registration Link Full Day Registration Link</p>
